

# Capability Statement

## Company Overview

Integra started in 1983 when Monroe Putnam received a patent for the steel inner structure which allows for our product's superior strength and component-based construction. For over 40 years, we have designed and manufactured high performance lounge furniture offering a remarkable combination of comfort, strength, function and sustainability. Our innovative features and designs have been serving all types of public and private facilities, including living, learning, healing, working, and social spaces.

## Capabilities

Integra manufactures the following types of high performance lounge furniture:

- Guest & Work & Modular Lounge Seating
- Tablet Arm Seating
- Motion Seating (Rocking Chairs and Swivel Chairs)
- Bariatric & Patient & Ortho/Hip Height Seating
- Behavioral Health Seating
- Booth/Banquette Seating
- Kids Lounge Seating
- Benches/Ottomans/Poufs
- Occasional Tables & Small Meeting Tables
