

ENVIRONMENTAL AND RECYCLED CONTENT STATEMENT

3.10 Environmental Requirements

1. Integra has been designing and manufacturing furniture for high-use areas for over 35 years. From the beginning, we have incorporated a modular, component replaceable design to increase durability and longevity of the product and to reduce waste. **Please see enclosed Integra Sustainability Overview for details on our company's environmental policy.**
2. Integra is currently working internally and with our suppliers to compile the extensive amount of data necessary to attain BIFMA level™ certification. As a small business, we realize this will require some time, but we are committed to pursuing the goal of the highest level of sustainability.

3.11 Recycled Content Requirements

Regarding cardboard materials and containers:

Currently, approximately 95% of our orders ship blanket-wrapped. This creates ZERO cardboard box packaging waste and no virgin materials are used as would be in normal shipping methods. The blankets go back on the truck and are continuously reused. This type of shipping is sometimes an “option” with other manufacturers and at an upcharge. It is our standard and preferred shipping method, resulting in substantially reduced packaging & packaging waste.

Approximately 75% of Integra's upholstered frames are constructed using Medite II SDF by Sierra Pine, which is made from 100% recycled wood waste product and certified by SCS and EPP. The composite panel is also certified by the LEED Building Rating System by USGBC and supports LEED credits. Sierra Pine and Medite II also received the first Executive Order issued by the California Air Resources Board (CARB) granting a No Added Formaldehyde (NAF) Exemption.

Our steel tubing used in our inner construction is made from at least 70% recycled steel.

Products with Recycled Content:

The following Integra products are made with SDF – Sustainable Design Fiberboard (recycled wood fiber composite panel) from Sierra Pine, 70+% recycled steel, or both:

| | |
|--------------------------|--------------------------------|
| All Coffee House seating | All Coastal Collection seating |
| All Rendezvous seating | All Keoki seating |
| All Tria seating | All Pyxis seating |
| All Cygnus seating | All HCR seating |
| All RLQ seating | All LSC seating |
