ORDERING & SPECIFICATIONS

DESIGN AND SPECIFICATIONS (CONTINUED)

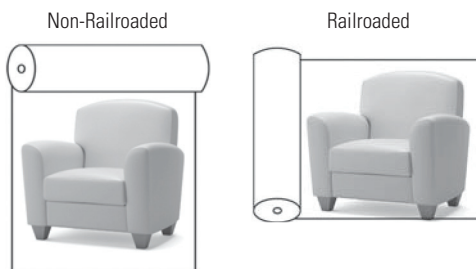

In offering a wide range of fabrics to our customers on our standard lead time, each product sent through production is a made to order item. Integra cannot be responsible for differences in color between covering material supplied and samples from which choice has been made, nor will Integra be responsible for matching upholstery for separate orders. Integra cannot warranty against wear, fading or performance of any covering material.

COMBINATION FABRICS:

More than one fabric may be specified to be applied to the same product. Integra does not upcharge for simple fabric combinations which consist of one fabric each on a component (seat, back, arm or front panel). For simple combinations the price is typically based on the highest fabric grade. Complex fabric combinations consist of multiple fabrics on a single component, such as the Front of the Back in Fabric A and the Back of the Back in Fabric B. **Complex fabric combinations will incur a 5% upcharge.** Fabric combination forms are required for all combination fabrics at time of order. Contact Customer Service for fabric combination forms or assistance.

FABRIC APPLICATION:

Standard procedure is for Integra to match all fabrics that require matching such as plaids, prints, or stripes. If matching is not desired, this must be clearly noted on the purchase order. Integra will apply textiles to upholstered pieces in the manner which we deem to be the most appealing. Integra assumes no responsibility for the direction in which the textiles are applied unless clearly specified on the purchase order.

Standard procedure is for Integra to cut all fabrics non-railroaded unless otherwise clearly specified on the purchase order. To ensure correct cutting and application of the fabric, it is suggested that a clearly marked sample is sent with the purchase order when requesting a non standard application of the fabric. See the diagrams above for a visual description of non-railroaded vs railroaded applications.

FABRIC REPEATS:

Fabric with larger repeats may require additional fabric beyond what is specified in the price list. This additional fabric will be noted and charged on a separate line on the quotation, sales order & invoice.

CUSTOMER'S OWN MATERIAL (C.O.M.) POLICY:

Integra will work with customer's own material with approval. This approval procedure must be followed. A memo sample of the fabric must be sent to the factory before the fabric can be approved. Following the approval, you will be advised of any additional yardage which may be required for your order and any upcharges for special handling and/or hand cutting. C.O.M. combo yardage will increase yardage. Contact Customer Service for combo yardage summary. C.O.M. yardage estimates are based upon 54-inch wide textiles without pattern repeat. **Must be on one continuous roll and the same dye lot.** A swatch of your fabric should accompany the purchase order to properly identify your fabric when it arrives at the factory.

***For textiles containing 100% Silicone, please use C.O.L. pricing when purchasing own material.**

Please note that all C.O.M. fabrics must ship freight prepaid and should be properly labeled for your order. Ship to:

Integra, Inc.
Tag for: (Your PO# of the order it is to be applied to)
807 Wisconsin Street
Walworth, WI 53184

The prices shown for C.O.M. include the product and only the labor for the fabric's application. The cost of the fabric is the customer's responsibility. The performance of any non-standard fabric is the responsibility of the fabric supplier. Integra is not responsible for delivery delays or for inspection of C.O.M.

Application of **fire wall** for TB 133 compliance requires an upcharge; see Standard Options page for current pricing and refer to the yardage requirements per item in price list. We cannot be responsible for flame retardancy of C.O.M. fabrics; please consult published technical data of fabric suppliers. NOTE: CA TB 133 option not available with leather.

FREIGHT:

All shipments over \$7,500 List include freight charges within the Contiguous United States. Please note that cartoned shipments can incur additional expenses from our freight carriers. Please contact Integra Customer Service for upcharges.

Shipments made outside the Contiguous United States will be cartoned and shipped to the Port of Exit. Cartoning charges will apply; customer is responsible for freight charges from the Port of Exit to the final destination.

Integra's standard method is to set-up and blanket wrap furniture for shipping. This requires coordination with the freight company in order to meet and unload the truck at the destination. Furniture is assembled and will need to be inspected and set in place.

Integra will require receiving information at the time of the order and will advise estimated unloading time allotted for delivery. A loading dock to accommodate a 53' trailer is required for all shipments from Integra. Please note, improper loading dock at receiving point, lack of appropriate personnel to unload product and/or excessive unloading time will incur additional charges.

At time of delivery, blankets are removed and returned with driver. Inspection & damage must be noted within time allotted for unloading.

Should the freight company discover improper loading dock or inadequate personnel for unloading at time of delivery, the freight carrier reserves the right to have freight returned; this will incur reconsignment and reshipping charges which will be billed to the customer's account and will be due before the 2nd delivery attempt.

SPECIFIC DATE DELIVERY:

If a shipment requires a specific day of delivery or time-specific delivery, additional charges will be applied by the freight company which will be added to your invoice. Shipments to New York City and Washington DC metro areas will also incur additional expenses from our freight carriers. Please contact Customer Service for upcharges.

CARTON CHARGES:

In certain cases, and as an option, we can carton our furniture for shipping. The following cartoning charges will apply:

Carton Charges: \$30 NET per chair; \$45 NET per settee; \$60 NET per sofa. Tables: \$30 NET up to 24x24x24 in size; \$45 NET up to 36x36x36 in size and all oval, half oval and rectangular tables. 42x42 and 48x48 tables will be blanket-wrapped only; they cannot be cartoned. Please note that cartoned shipments can incur additional expenses from our freight carriers. Please contact Integra Customer Service for upcharges.

MINIMUM ORDER CHARGE:

Shipments over \$7,500 List include freight charges within the Contiguous US. Shipments under \$7,500 List will incur a \$250 Net Freight Charge.

FREIGHT DAMAGE CLAIMS:

All Integra products are carefully inspected prior to shipment from the factory. Title to products is passed to the purchaser and Integra's responsibility ceases when the shipment is accepted for transportation by a carrier. Freight claims are the responsibility of the customer. All shipments should be carefully inspected before acceptance and the customer MUST record any damage on both copies of the freight bill, signed by the customer and the driver. Concealed damage reports must be made to the carrier within 10 days after delivery or the carrier will not be responsible. All packing materials involved in a damage claim must be saved in their original condition until they have been inspected by the proper agent.

STORAGE:

If a customer is unable to accept delivery of merchandise when Integra is ready to make a shipment, Integra reserves the right to transfer merchandise to storage. Transfer to storage and storage charges will be at customer's expense. Transfer to storage shall constitute delivery for all intents and purposes, including invoicing and payment.
