

Color Inspiration Board | CEMENT

by Kimberle
Frost

Kimberle has over 25 years of experience as an independent consultant offering services in textile design and styling, color consultation, and textile marketing in both the contract and residential markets. Her portfolio includes textile work for highly regarded companies such as Robert Allen, Designtex, Mayer Fabrics, Momentum, Arc Com and Ultrafabrics.

In its natural state, cement has a light gray cast. CEMENT, a cross between a misty gray and a warm beige is the perfect chameleon like color. ~ Kimberle Frost

Powder Coat: Cement
Solid Surfaces: Hi-Macs Venetian Sand and Gray
Laminate: Nevamar Luminary Teak

Wood Finish on Maple: Pewter Mist
