

# Color Inspiration Board | FOSSIL

by Kimberle  
Frost

**Kimberle** has over 25 years of experience as an independent consultant offering services in textile design and styling, color consultation, and textile marketing in both the contract and residential markets. Her portfolio includes textile work for highly regarded companies such as Robert Allen, Designtex, Mayer Fabrics, Momentum, Arc Com and Ultrafabrics.

Fossils in nature come in a variety of colors and have textures found in living things. The FOSSIL color palette offers a nice range of earthy, warm taupe inspired neutrals with subtle pink undertones. ~ Kimberle Frost

Powder Coat: Fossil
