## PRODUCT INFORMATION

Integra A-Tables are built just as solidly as the rest of our products, featuring our innovatively engineered and ultra-strong steel CAM & PIN connection. The CAM & PIN are epoxied to the top and leg, creating a beautiful and clean design guaranteed to remain strong.

## TIDE WOOD SYSTEM SPECIFICATION

Integra systems are listed separately from the freestanding product of each series throughout this price list. The components are specific to the model and are all shown within the systems sections. Each system arm, system seat, and system table has a specific item number. System arms must have placement specified as shown below, and system tables must specify choice of edge and leg details.

WHEN SPECIFYING SYSTEMS, ALWAYS ITEMIZE COMPONENTS AS YOU STAND FACING THE CONFIGURATION. BEGIN YOUR LAYOUT AT THE LEFT AND END AT THE RIGHT.

The seat unit and table components are shown in each system area of this price list.

All System orders require a layout at the time of order. This is to ensure you are ordering all components necessary for that layout.

System arms use an alpha designation which describes their placement:

**SS** is for Seat-to-Seat Connection

**ST** is for Seat-to-Table Connection

**TS** is for Table-to-Seat Connection

**AR** is for Arm Right

**AL** is for Arm Left

EXAMPLES (in Tide series):

- CCT80 Coastal Tide End Table, beginning a layout.
- CTTs Coastal Tide Arm with a Table connection on Left and a Seat Unit connection on Right.
- CLT1 Coastal Low Tide Seat Unit.
- CTSS Coastal Tide Arm with a Seat Unit connection on both sides.

## DESIGN AND SPECIFICATIONS (CONTINUED)

Integra offers a wide range of fabrics to our customers in our graded-in program. Integra does not stock fabric; all textiles are ordered from the distributor at the time we receive an order. Integra is not responsible for differences in color between material supplied and samples from which choices have been made, nor is Integra responsible for matching upholstery on existing product to any future orders. **Please note that Integra does not warranty fabrics and is not responsible for any replacement fabric, covers, or re-upholstery labor costs for failed fabrics whether graded-in or sent to us as a COM/COL. We can provide a quote for new covers at the time needed. Please contact the fabric companies for any warranty information on their own products.**

### COMBINATION FABRICS (Simple and Complex):

More than one fabric may be specified and applied to the same product. Integra does not upcharge for simple fabric combinations which consist of one fabric each on a component (i.e. seat, back, arm, or front panel). For simple combinations, the price is typically based upon the highest fabric grade of the chosen fabrics on the product. Complex fabric combinations consist of multiple fabrics on a single component, such as the front of the back in Fabric A and the back of the back is in Fabric B. Complex combinations will incur a 5% upcharge. Fabric combination forms are required at the time of order. Contact Customer Service for fabric combination forms or assistance.

### FABRIC APPLICATION:

Standard procedure is for Integra to match all fabrics that require matching such as plaids, prints, or stripes. If matching is not desired, this must be clearly noted on the purchase order. Integra will apply textiles to upholstered items in the manner which we deem to be the most appealing.

Standard procedure is for Integra to cut all fabrics non-railroaded unless otherwise clearly specified on the purchase order. See the diagrams above for a visual description of non-railroaded vs railroaded applications. To ensure correct cutting and application of the fabric, it is suggested that a clearly marked sample is sent with the purchase order when requesting a non-standard application of the fabric. Please note that when railroaded fabric, it is possible that additional yardage may be required. Integra assumes no responsibility for the direction in which the textiles are applied unless it is clearly specified on the purchase order.

### FABRIC REPEATS:

**Fabric with larger repeats or smaller roll widths may require additional fabric than what is noted in the price list. Standard upholstery textile rolls are 54-inch wide. The yardage amounts noted are based upon 54-inch wide textiles without a pattern repeat.** For calculating additional yardage due to pattern repeat or a roll less than 54" wide, see chart below to match roll width with repeat amount. For the specific textile, with both the vertical & horizontal repeat measurements, use the larger of the two repeats then use the chart below for additional yardage requirements. Add the required additional % to the COM yardage amount noted in the current Integra Price List for total yardage needed per furniture item.

UPH. TEXTILE ROLL WIDTH	SOLID NO REPEAT	REPEAT OF 2"-14"	REPEAT OF 15"-19"	REPEAT OF 20"-27"	REPEAT OF 28"-36"
54"	0%	10%	15%	20%	25%
50" - 53"	16%	20%	25%	30%	35%
48"	16%	25%	30%	35%	40%
45"	40%	50%	55%	60%	65%
36"	50%	60%	65%	70%	75%

Contact Integra Customer Service at 800-235-0234 x4 with any questions.

For graded-in fabrics, this additional fabric yardage will be noted and charged as a separate line on the quotation, sales order, and invoice.

## DESIGN AND SPECIFICATIONS (CONTINUED)

### CUSTOMER'S OWN MATERIAL (C.O.M.) POLICY:

Integra will work with customer's own material with approval. A memo sample of the fabric must be sent to the factory before the fabric can be approved for upholstery purposes only; this approval is NOT an indicator of how it will perform in the field. Following approval, you will be advised of any additional yardage which may be required for your order and any upcharges for special handling and/or hand cutting. COM combo yardage will increase yardage. Contact Customer Service for combo yardage summary. COM yardage estimates are based upon 54-inch wide textiles without pattern repeat. **COM must be on one continuous roll or the same dye lot and consistent repeat.** A memo sample of your fabric should accompany the purchase order to properly identify your fabric when it arrives at the factory.

Please note that all C.O.M. fabrics must ship freight prepaid (collect shipments will not be accepted) and should be properly labeled for your order. Ship to:

Integra, Inc.  
Tag for: (Your PO# of the order it is to be applied to)  
810 Wisconsin Street  
Walworth, WI 53184

The prices shown for COM include the product and only the labor for the fabric's application. The cost of fabric and freight costs to ship the fabric is the customer's responsibility. The performance of any fabric is the responsibility of the fabric supplier. Integra does not offer any warranty to fabrics. While we inspect fabrics for mill imperfections, some are difficult to recognize. We cannot be responsible for defects, color inaccuracies, dye lot variations, and other flaws. Under no circumstances will Integra assume responsibility for COM/COL shortages, flaws, or other such problems. While we make a concerted effort to control COM/COL materials, it is not our responsibility to monitor the receipt of these materials in order to meet delivery deadlines and we assume that customers are aware of any undue delay in delivery of their COM/COL materials.

**Integra does not warranty fabrics and is not responsible for any replacement fabric, covers, or re-upholstery labor costs for failed fabrics whether graded-in or sent to us as a COM/COL. We can provide a quote for new covers at the time needed. Please contact the fabric companies for any warranty information on their own products.**

## PACKAGING & SHIPPING

### FREIGHT:

Shipments to AZ, NM, CA, OR, WA, ID, MT & NV over \$10,000 List include freight charges. Shipments to all other states within the Contiguous US over \$7,500 List include freight charges. Please note that cartoned shipments can incur additional expenses from our freight carriers. Please contact Integra Customer Service for upcharges.

Shipments made outside the Contiguous United States will be cartoned and shipped to the Port of Exit. Cartoning charges will apply; customer is responsible for freight charges from the Port of Exit to the final destination.

Integra's standard method is to set-up and blanket wrap furniture for shipping. This requires coordination with the freight company in order to meet and unload the truck at the destination. Furniture is assembled and will need to be inspected and set in place.

Integra will require receiving information at the time of the order and will advise estimated unloading time allotted for delivery. A loading dock to accommodate a 53' trailer is required for all shipments from Integra. Please note, improper loading dock at receiving point, lack of appropriate personnel to unload product and/or excessive unloading time will incur additional charges.

At time of delivery, blankets are removed and returned with driver. Inspection & damage must be noted within time allotted for unloading.

Should the freight company discover improper loading dock or inadequate personnel for unloading at time of delivery, the freight carrier reserves the right to have freight returned; this will incur reconsignment and reshipping charges which will be billed to the customer's account and will be due before the 2nd delivery attempt.

### SPECIFIC DATE DELIVERY:

If a shipment requires a specific day of delivery or time-specific delivery, additional charges will be applied by the freight company which will be added to your invoice. Shipments to New York City and Washington DC metro areas will also incur additional expenses from our freight carriers. Please contact Customer Service for upcharges.

### CARTON CHARGES:

In certain cases, and as an option, we can carton our furniture for shipping. The following cartoning charges will apply:

Carton Charges: \$35 NET per chair; \$50 NET per settee; \$65 NET per sofa. Tables: \$35 NET up to 24x24x24 in size; \$50 NET up to 36x36x36 in size and all oval, half oval and rectangular tables. 42x42 and 48x48 tables will be blanket-wrapped only; they cannot be cartoned. Please note that cartoned shipments can incur additional expenses from our freight carriers. Please contact Integra Customer Service for upcharges.

### MINIMUM ORDER FREIGHT CHARGE:

### FREIGHT DAMAGE CLAIMS:

All Integra products are carefully inspected prior to shipment from the factory. Title to products is passed to the purchaser and Integra's responsibility ceases when the shipment is accepted for transportation by a carrier. Freight claims are the responsibility of the customer. All shipments should be carefully inspected before acceptance and the customer MUST record any damage on both copies of the freight bill, signed by the customer and the driver. Concealed damage reports must be made to the carrier within 10 days after delivery or the carrier will not be responsible. All packing materials involved in a damage claim must be saved in their original condition until they have been inspected by the proper agent.

### STORAGE:
